MAR 26 1964

Mr. Walter E. Craig
President, American Bar Association
1120 Connecticut Avenue, N. W.
Washington, D. C. 20036

Dear Mr. Craig:

As I mentioned to you during our meeting last Monday, members of the Commission staff are currently in Dallas taking the depositions of various witnesses. I wish to confirm my invitation to you or your representative to participate during the taking of those depositions in the same manner in which you are currently taking part in the presentation of evidence before the Commission.

so that you are fully informed regarding the names of the witnesses currently being deposed, I am attaching to this letter a list of witnesses whose depositions have been authorized. The first column sets forth the witnesses to be deposed this week by Mr. Spector, primarily doctors and other personnel of Parkland Hospital. The second column sets forth the names of witnesses to be handled by Messrs. Hubert and Griffin of the Commission staff, including officials of the Dallas Police Department and the Sheriff's office at Dallas, who will be interrogated regarding the handling of Lee Harvey Oswald on November 24, 1963. The third column lists the witnesses to be handled by Messrs. Jenner and Lischeler and includes persons of the Dallas community familiar with certain of Oswald's activities in the months preceding the assassination. These members of the staff are under instructions to take these depositions as expeditiously as can be arranged.

I anticipate that the process of taking depositions in Dallas will last through approximately Friday, April 10th. Next week Mr. Hubert will remain in Dallas to interrogate witnesses

associated with Jack Ruby and his activities prior to the killing of Lee Harvey Oswald on November 24, 1963. Depositions will also be taken next week and the following week by Messrs. Hall and Ballin of the Commission staff. These attorneys will be interrogating additional witnesses from the Dallas Police Department concerned with the investigation of the assassination and various other Dallas witnesses with information to supply regarding Lee Harvey Oswald's involvement in the assassination. When I have authorized the depositions of specific witnesses in this area, I shall supply you with a list of the names.

I hope that these arrangements meet with your approval.

Sincerely,

SIGNED

J. Lee Rankin
General Counsel
